Home of the Day: Sleek contemporary offering in the 90210 asks \$35 million

FEBRUARY 10, 2015, 8:55 AM

Designer finishes, retracting walls of glass and jetliner views set the stage for this sleek contemporary, set on nearly three quarters of an acre in Beverly Hills. Emanating a museum-like quality, the newly built spec home employs a mix of custom appointments and modern works of art -- all of which are included in the \$35-million price tag. A 100-foot infinity-edge pool, a climate-controlled wine cellar and an elevator encased in glass highlight top-end amenities.

Location: 9945 Beverly Grove, Beverly Hills, 90210

Price: \$35 million
